ManTech Names Bonnie J. Cook Executive Vice President of Business Operations for Mission Solutions & Services Group

FAIRFAX, Va., Feb. 11, 2014 (GLOBE NEWSWIRE) -- ManTech International Corporation (Nasdaq:MANT) has promoted Bonnie J. Cook to executive vice president of business operations for its Mission Solutions & Services Group (MSS). She is responsible for managing the group's business staff operations, as well as key enterprise services across the entire corporation.

Cook has served in a variety of leadership positions at ManTech for over 25 years, playing an instrumental role in building the company's strong business infrastructure, particularly in the management of financial operations and the integration of acquisitions. She is also active in the oversight of strategic business initiatives, serving as an executive officer for ManTech affiliates, joint ventures, and international subsidiaries in Turkey, Colombia, Panama, and Europe. Cook is a member of numerous industry organizations and is a graduate of American University in Washington, D.C.

"Bonnie has been the driving force in molding our finance, contracts, human resources, and recruiting functions into organizations capable of supporting a multi-billion dollar company," said Daniel J. Keefe, president and chief operating officer of MSS. "This promotion recognizes her as one of the true industry leaders as she takes on the added responsibilities of enterprise services across the corporation."

About ManTech International Corporation

ManTech is a leading provider of innovative technologies and solutions for mission-critical national security programs for the intelligence community; the Departments of Defense, State, Homeland Security, Energy and Justice, including the Federal Bureau of Investigation (FBI); the health and space communities; and other U.S. federal government customers. We provide support to critical national security programs for approximately 50 federal agencies through approximately 1,000 current contracts. ManTech's expertise includes command, control, communications, computers, intelligence, surveillance and reconnaissance (C4ISR) solutions and services; cyber security; global logistics support; information technology (IT) modernization and sustainment; intelligence/counter-intelligence solutions and support; systems engineering; test and evaluation; environmental, range and sustainability services; and healthcare analytics and IT. ManTech supports major national missions, such as military readiness and wellness, terrorist threat detection, information security and border protection. Additional information on ManTech can be found at www.mantech.com.
