PROXY STATEMENT FOR 2021 ANNUAL MEETING OF STOCKHOLDERS

The Board of Directors (the Board) of ManTech International Corporation (the Company) is soliciting proxies to be voted at the Company's 2021 Annual Meeting of Stockholders (the Annual Meeting) to be held on Friday, May 21, 2021, at 11:00 am (EDT), at 2251 Corporate Park Drive, Herndon, VA 20171, and at any adjournments or postponements thereof.

The mailing address of our principal executive offices is 2251 Corporate Park Drive, Herndon, VA 20171. This proxy statement, the accompanying Notice of Annual Meeting of Stockholders, and the enclosed proxy card are first being mailed to our stockholders on or about April 16, 2021 (the Mailing Date).

GENERAL INFORMATION

The Board is soliciting proxies to be voted at the Annual Meeting. When we ask you for your proxy, we must provide you with a proxy statement that contains certain information specified by law.

At the Annual Meeting, we will ask you to consider and vote on the following matters:

1. To elect eight (8) persons as directors of the Company, each to serve until the 2022 Annual Meeting of Stockholders, or until their respective successors shall have been duly elected and qualified; and
2. To ratify the appointment of Deloitte & Touche LLP to serve as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2021.

We do not expect any other items of business, because the deadline for stockholder proposals and nominations has already passed. Nonetheless, in case there is an unforeseen need, the accompanying proxy gives discretionary authority to the persons named on the proxy, Kevin M. Phillips, Jeffrey S. Brown, and Michael R. Putnam, with respect to any other matters that might be brought before the meeting. Those persons intend to vote that proxy in accordance with their discretion and best judgment.

Record Date and Stockholders Entitled to Vote

Record Date Stockholders as of the close of business on March 26, 2021 (the Record Date) may vote at the Annual Meeting.

Our Stock We have two classes of outstanding stock: our Class A common stock and our Class B common stock. As of the Record Date, a total of 40,595,528 shares were outstanding: 27,418,833 shares of Class A common stock and 13,176,695 shares of Class B common stock. Holders of Class A common stock are entitled to one vote for each share of Class A common stock they hold on the Record Date. Holders of Class B common stock are entitled to ten votes for each share of Class B common stock they hold on the Record Date.

Voting Requirements and Other Matters

Quorum The holders of a majority in voting power of our common stock issued and outstanding and entitled to vote at the Annual Meeting must be present, either in person or by proxy, to constitute a quorum for the Annual Meeting. Abstentions and broker non-votes are considered present at the meeting for purposes of determining whether a quorum is present.

How to Vote You can only vote your shares at the Annual Meeting if you are present either in person or by proxy. We encourage you to vote by submitting a proxy card even if you plan to attend the Annual Meeting.

If you vote by mail, you must sign and date each proxy card that you receive, and return it in the prepaid envelope. Sign your name exactly as it appears on the proxy card. If you return a proxy card that is not signed, then your vote cannot be counted. If you return a proxy card that is signed and dated, but you do not specify voting instructions, we will vote on your behalf as follows:

- FOR the election of the eight (8) directors nominated by our Board and named in this proxy statement (Proposal 1 – Election of Directors); and
- FOR the ratification of the appointment of Deloitte & Touche, LLP as the Company’s independent registered public accounting firm for the fiscal year ending December 31, 2021 (Proposal 2 – Ratification of Auditors).

If the Annual Meeting is adjourned or postponed, your proxy will still be effective and will still be voted at the Annual Meeting when reconvened. You will still be able to change or revoke your proxy until it is voted.

Voting ESOP Shares Stockholders who are current or former employees participating in our Employee Stock Ownership Plan and have shares of our stock allocated to their account as of the Record Date have the right to direct the plan trustee on how to vote their shares. If you do not send instructions to the plan trustee in a proper manner, or if the instructions are not timely received, the trustee will not vote the shares allocable to your account.

Broker Non-Votes If your shares are held by a broker, the broker will ask you how you want your shares to be voted. If you give the broker instructions, your shares will be voted as you direct. For Proposal 1, or for any other non-routine matter to come before the Annual Meeting, if you do not give instructions, the broker may not vote your shares at all (a broker non-vote). If you do not give instructions for Proposal 2, which is considered a routine matter, the broker may vote your shares in its discretion.

Broker non-votes will be counted for purposes of calculating whether a quorum is present at the Annual Meeting, but will not be counted for purposes of determining the number of votes present in person or represented by proxy and entitled to vote.

Revoking Your Proxy If you execute a proxy pursuant to this solicitation, you may revoke it at any time prior to its exercise by (i) delivering written notice to our Corporate Secretary at the offices of our executive headquarters before the Annual Meeting; (ii) executing and delivering a proxy bearing a later date to our Corporate Secretary at the offices of our executive headquarters; or (iii) voting in person at the Annual Meeting.

Votes Required

Approval of each of the proposals submitted to a vote at the Annual Meeting is subject to the affirmative vote requirement shown in the table below.

<u>Proposal</u>	<u>Vote Required</u>	<u>Broker Discretionary Voting Allowed</u>
Proposal 1 - Election of Directors	Plurality	No
Proposal 2 - Ratification of Auditors	Majority	Yes

“Plurality” will be determined with respect to votes cast on a particular proposal. “Majority” will be determined with respect to votes present in person or represented by proxy at the meeting and entitled to vote on the proposal. If you vote ABSTAIN on any proposal requiring a Majority, your vote will have the same effect as a vote AGAINST that proposal.

Tabulation of Votes

Mr. Michael R. Putnam, our Senior Vice President, Corporate and Regulatory Affairs, has been appointed inspector of elections for the Annual Meeting. Mr. Putnam will separately tabulate the affirmative votes, withheld or negative votes (as applicable), abstentions, and, as applicable, broker non-votes with respect to each of the Proposals.

Voting Results

We will announce preliminary voting results at the Annual Meeting. We will disclose the final results on a Form 8-K that we file with the Securities and Exchange Commission (SEC) within four business days following the Annual Meeting.

IMPORTANT INFORMATION

We intend to hold the Annual Meeting in person. However, we are sensitive to the public health and travel concerns our stockholders may have and recommendations that public health officials may issue in light of the evolving coronavirus (COVID-19) situation. As a result, we may impose additional procedures or limitations on Annual Meeting attendees, or we may decide to hold the Annual Meeting at a different location or by means of remote communication. We plan to announce any such updates on our proxy website (<https://investor.mantech.com/annual-meeting>), and we encourage you to check this website prior to the Annual Meeting if you plan to attend.

Ownership by Insiders

As of the Record Date, our directors and executive officers beneficially owned an aggregate of 460,807 shares of Class A common stock (such number includes shares of common stock that may be issued upon exercise of outstanding options that are currently exercisable or that become exercisable prior to May 25, 2021) and 13,176,695 shares of Class B common stock, which together constitute approximately 33.4% and 83% of the outstanding shares and voting control of our common stock, respectively.

Solicitation

The Board is making this solicitation of proxies on our behalf. In addition to the solicitation of proxies by use of the mail, our officers and employees may solicit the return of proxies by personal interview, telephone, email or facsimile. We will not pay additional compensation to our officers and employees for their solicitation efforts, but we will reimburse them for any out-of-pocket expenses they incur in their solicitation efforts.

We will request that brokerage houses and other custodians, nominees and fiduciaries forward our solicitation materials to beneficial owners of our common stock. We will bear all costs associated with preparing, assembling, printing and mailing this proxy statement and the accompanying materials, the cost of forwarding our solicitation materials to the beneficial owners of our common stock, and all other costs of solicitation.

CORPORATE GOVERNANCE

Corporate Governance Guidelines

The Board has established and adopted guidelines that it follows in matters of corporate governance (the Corporate Governance Guidelines). These Corporate Governance Guidelines assist the Board in the exercise of its responsibilities and provide a framework for the efficient operation of our Company, consistent with the best interests of our stockholders and applicable legal and regulatory requirements. The Nominating and Corporate Governance Committee periodically reviews and reassesses the adequacy of our Corporate Governance Guidelines. We have posted a current copy of our Corporate Governance Guidelines, which was last amended in January 2020, on the Corporate Governance page in the Investor Relations section of our website at www.mantech.com (our Website).

Director Independence

The Board comprises a majority of directors who are independent from management. Only independent directors serve on each of our Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee.

The Board has conducted an evaluation of director independence, based on the independence standards applicable to Nasdaq-listed companies and applicable SEC rules and regulations. In the course of the Board's evaluation of the independence of each non-management director, the Board considered any transactions, relationships and arrangements between such director (or any member of his or her immediate family) and the Company, its subsidiaries and its affiliates. The purpose of this evaluation was to determine whether any relationships or transactions exist that could be inconsistent with a determination by the Board that the director has no relationship that would interfere with his or her exercise of independent judgment in carrying out the responsibilities of a director.

As a result of this evaluation, the Board has affirmatively determined that the following directors nominated for election at the Annual Meeting are independent of the Company and its management under the above referenced standards and regulations:

- Richard L. Armitage
- Mary K. Bush
- Barry G. Campbell
- Richard J. Kerr
- Peter B. LaMontagne
- Kenneth A. Minihan

The Board determined that Mr. George J. Pedersen is not independent because of his voting control over the Company's common stock, and his former roles as our Executive Chairman, Chairman of the Board and Chief Executive Officer. The Board also determined that Mr. Kevin M. Phillips is not independent given his current role as our Chairman of the Board, Chief Executive Officer and President.

Board Leadership Structure

The Board believes that no single leadership model is right for all companies at all times. Depending on the circumstances, different leadership models might be appropriate. Our Corporate Governance Guidelines do not require that the roles of CEO and Chairman of the Board be separate or combined. The Board's policy as to whether the roles of the CEO and Chairman of the Board should be separate or combined is to adopt the practice that best serves the Company at any given point in time. The roles of Chairman of the Board and CEO at the Company remained separate until September 1, 2020 when Mr. Pedersen retired from his former position as Executive Chairman and stepped down as Chairman of the Board. The Board subsequently elected and appointed Mr. Phillips to serve as the Company's Chairman of the Board in addition to his ongoing role as CEO and President of the Company. Mr. Pedersen continues to serve on the

[Table of Contents](#)

Board and has been designated by the Board as Chairman Emeritus. The Board considered the appropriateness of the Company's leadership structure in light of the specific characteristics of the Company. The Board believes the current structure provides an effective and efficient leadership model for the Company at this time.

Because our Chairman of the Board is not an independent director, pursuant to our Corporate Governance Guidelines our independent directors have designated one of our independent directors, Mr. Campbell, to serve as the Company's presiding independent director (Presiding Director). Mr. Campbell's duties as Presiding Director include:

- Coordinating the activities of the independent directors;
- Calling for meetings or sessions of the independent directors, and coordinating the agenda and serving as the chair for such meetings; and
- Facilitating communications between and among the independent directors and the Chairman of the Board.

Board and Committee Executive Sessions and Independent Directors Meetings

The independent directors of the Board regularly meet in executive session, without the presence of management; typically, these sessions are held following the adjournment of certain regularly-scheduled Board meetings. The Board's independent directors meet no fewer than two times annually. Certain of the Board's primary standing committees (including the Audit Committee and Compensation Committee) also regularly meet in executive session. As Presiding Director, Mr. Campbell chairs meetings of our independent directors; committee chairpersons preside over executive sessions for their respective committees.

Board's Role in Risk Oversight

While risk management is a business and operational responsibility of the Company's management team, the Board is responsible for the oversight of the Company's risk management activities. The Board primarily oversees the management of risk through the Audit Committee. Among other activities, the Audit Committee oversees the Company's enterprise risk management program. The Board oversees the management of risk relating to certain of the Company's business activities (particularly those designated as classified by the U.S. government) through the Special Programs Oversight Committee. The Board and Special Programs Oversight Committee work together on a coordinated basis to oversee the management of risk related to cybersecurity and information assurance matters. The Board oversees the assessment of risks associated with the Company's compensation policies and programs through the Compensation Committee.

Each of these committees regularly receives reports from, and discusses those reports with, members of management who are responsible for applicable day-to-day risk management functions of the Company. The chairpersons of these committees periodically report back to the Board regarding risk management activities within such committees' respective purview. The Board's role in risk oversight has not had any effect on the Board's leadership structure.

Board and Committee Self-Evaluations

Each of the Board and its primary standing committees (the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee) performs regular, periodic self-evaluations (typically conducted on an annual basis). These evaluations are designed to foster candid

[Table of Contents](#)

discussion regarding the adequacy and effectiveness of the Board and such committees. The Nominating and Corporate Governance Committee oversees the annual self-evaluation process. Where appropriate, the Nominating and Corporate Governance Committee may consider feedback received from the evaluation process in making recommendations to the Board regarding the nomination of incumbent directors for re-election to the Board (and, where applicable, assignments of Board members to various committees).

Director Nominations

The Board generally identifies and attracts candidates through its own efforts, and it believes that this method has been effective. However, if in the future the Board determines that it is in the Company's best interest to use the services of a consultant or a search firm to assist with the identification and selection process, it will do so.

The Nominating and Corporate Governance Committee is responsible for reviewing the qualifications of potential director nominees, and then recommending director candidates for nomination by the Board.

We do not have a formal policy regarding the consideration of diversity in identifying potential director nominees. However, the Nominating and Corporate Governance Committee considers diversity in its broadest sense when evaluating candidates. Our Corporate Governance Guidelines direct that the evaluation of nominees should include (among numerous other considerations) an assessment of whether a nominee would provide the Board with a diversity of viewpoints, backgrounds, experiences and other demographics.

The Nominating and Corporate Governance Committee has a policy regarding the consideration of director candidates recommended by our stockholders (Nominations Policy). The Nominations Policy describes the circumstances pursuant to which the Nominating and Corporate Governance Committee will consider Board candidates recommended by our stockholders. The Nominations Policy also describes the procedures to be followed by stockholders in submitting such recommendations. We have made the Nominations Policy available on the Corporate Governance page of our Website.

Generally, the Nominating and Corporate Governance Committee will consider candidates recommended by stockholders who beneficially own at least 1% of our outstanding stock at the time of recommendation (Qualifying Stockholder). Qualifying Stockholders wishing to recommend candidates to the Nominating and Corporate Governance Committee may do so by submitting a completed Stockholder Recommendation of Candidate for Director Form (Recommendation Form), which is attached to the Nominations Policy posted on our Website.

Qualifying Stockholders wishing to recommend a nominee for election as director at the next annual meeting of stockholders must submit their completed Recommendation Form at least 120 days in advance of the one-year anniversary of the date of the mailing of this proxy statement. The Nominating and Corporate Governance Committee will only evaluate a candidate if he or she has indicated a willingness to serve as a director and cooperate with the evaluation process, and if the required information about the candidate has been submitted. Candidates recommended by Qualifying Stockholders will generally be evaluated by the Nominating and Corporate Governance Committee pursuant to the same process used for evaluation of all other director candidates.

Code of Ethics

Our *Standards of Ethics and Business Conduct* includes a “Financial Code of Ethics” that satisfies the SEC’s requirements for a code of ethics applicable to our principal executive officer, principal financial officer, principal accounting officer, controller and persons performing similar functions. Our *Standards of Ethics and Business Conduct* also satisfies Nasdaq’s requirements for a code of conduct applicable to all directors, officers, and employees. Among other principles, our *Standards of Ethics and Business Conduct* includes guidelines relating to the ethical handling of actual or potential conflicts of interest, compliance with laws, accurate financial reporting, and procedures for promoting compliance with (and reporting violations of) such standards. A copy of our *Standards of Ethics and Business Conduct* is available on the Corporate Governance page of our Website. We are required to disclose any amendment to, or waiver of, a provision of our “Financial Code of Ethics.” We intend to use our Website as a method of disseminating this disclosure, as permitted by applicable SEC rules.

Communication with Directors

We believe that it is important for our stockholders to be able to communicate their concerns to our Board. Stockholders may correspond with any director, committee, or the Board generally, by writing to the following address: ManTech International Corporation Board of Directors, 2251 Corporate Park Drive, Herndon, VA 20171, Attention: Corporate Secretary. Please specify to whom your correspondence should be directed. Our Corporate Secretary has been instructed to promptly forward all correspondences to the relevant director, committee, or the full Board, as indicated in your correspondence.

Director Attendance at Annual Meeting of Stockholders

We invite all of our directors to attend our annual meeting of stockholders, and we strongly encourage all of them to do so absent exigent circumstances that prevent their attendance. In furtherance of this policy, we generally schedule one of our regular Board meetings on the same day as our annual meeting of stockholders. In 2020, all of our directors then serving on the Board attended our annual meeting of stockholders.

Availability of Corporate Governance Documents

We have made available on the Corporate Governance page of our Website a number of important documents related to our governance practices, including:

- Certificate of Incorporation and Bylaws;
- Charters of our standing Board Committees;
- Standards of Ethics and Business Conduct;
- Corporate Governance Guidelines;
- Policy Regarding Consideration of Shareholder Nominees for Director;
- Related Party Transactions Policy; and
- Equity Grant Policy.

We will also make these materials available in print format to any requesting stockholder. Copies of these documents may be requested by writing to the following address: ManTech International Corporation, 2251 Corporate Park Drive, Herndon, VA 20171, Attention: Corporate Secretary.

**BOARD OF DIRECTORS
AND COMMITTEES OF THE BOARD OF DIRECTORS**

Our Board currently comprises eight members who serve for a term that expires at the Annual Meeting. All of the directors were elected at the 2020 Annual Meeting of Stockholders. Set forth below are details regarding director attendance at board and committee meetings, the function and operation of each of the Board's standing committees, and the compensation of our non-employee directors in 2020.

Attendance at Board and Committee Meetings

Our full Board met nine times in 2020. All of our directors attended or participated in at least 75% of the aggregate of the board meetings and the meetings of the committees on which the director served during 2020. The number of meetings held in 2020 by each of the Board's standing committees is set forth in the information below.

Committees of the Board

The Board currently has five standing committees (although the Board may establish other committees from time to time). The following table sets forth the current composition of our Board committees.

Certain information regarding each standing Board committee is provided below. A more detailed discussion of each committee's composition, purpose, objectives, authority and responsibilities can be found in each committee's respective charter, which we make available on the Corporate Governance page of our Website.

Audit Committee

The primary functions of the Audit Committee are to oversee (i) the integrity of our financial statements, (ii) our accounting and financial reporting processes, and (iii) audits of our financial statements. The Audit Committee operates under a written charter and it reviews and reassesses the adequacy of that charter on an annual basis. The charter was most recently revised and amended in March 2016 and is available on our Website.

The Board annually reviews the suitability of our Audit Committee in light of the Nasdaq listing standards' requirements for audit committee composition and applicable SEC rules and regulations.

[Table of Contents](#)

The Board has determined that each member of our Audit Committee meets the heightened independence standard and other requirements for audit committee members under applicable Nasdaq listing standards and SEC rules and regulations.

The Board has also determined that the Company has at least one audit committee financial expert serving on the Audit Committee. The Board has determined that each of Mr. Campbell and Ms. Bush (i) qualifies as an “audit committee financial expert” under applicable SEC rules and regulations, and (ii) satisfies the financial sophistication requirements of the Nasdaq listing standards. All of our Audit Committee members have a working familiarity with basic finance and accounting practices.

During 2020, the Audit Committee held five meetings. The Audit Committee meets regularly in executive session, including with our independent registered public accounting firm, without management present. Mr. Campbell serves as chairperson of the Audit Committee.

Compensation Committee

The primary functions of the Compensation Committee are to oversee (i) the determination, implementation, and administration of the remuneration (including salary, incentive compensation payments, bonuses, equity compensation, and perquisites) of all non-employee directors and executive officers of the Company, and (ii) the administration of the Company’s stock-based compensation plans. The Compensation Committee operates under a written charter, and it reviews and reassesses the adequacy of that charter on an annual basis. The charter was most recently revised and amended in February 2019 and is available on our Website.

The Board annually reviews the suitability of our Compensation Committee in light of the Nasdaq listing standards’ requirements for compensation committee composition and applicable SEC rules and regulations. The Board has determined that each member of our Compensation Committee meets the independence and other requirements for compensation committee members under applicable Nasdaq listing standards and SEC rules and regulations. Our Compensation Committee members also qualify as “non-employee directors” under Section 16 of the Securities Exchange Act of 1934 (the Exchange Act).

During 2020, the Compensation Committee held five meetings. At the direction of the Compensation Committee, certain members of management attend most meetings. The Compensation Committee also meets regularly in executive session without management present. Mr. Campbell serves as chairperson of the Compensation Committee.

• **Compensation Advisers**

The Compensation Committee has the authority, in its sole discretion, to retain or obtain the advice of compensation consultants, legal counsel or other advisers, and is directly responsible for the appointment, compensation and oversight of the work of any such adviser. The Compensation Committee conducts an independence assessment of any compensation adviser it engages; such assessment includes the consideration of the factors required by applicable Nasdaq listing standards and SEC rules and regulations.

For 2020, the Compensation Committee retained Ernst & Young LLP (EY) as its independent compensation consultant to assist the Compensation Committee with its executive compensation-related responsibilities. The services provided by EY in its capacity as the Compensation Committee’s independent compensation consultant included supporting the design of our executive compensation program, providing market consensus data for each of our executive officers, and assisting the Compensation Committee in evaluating the compensation of our non-employee directors.

[Table of Contents](#)

From time to time, with the consent of the Compensation Committee, the Company's management has retained personnel at EY to perform services that are not related to work performed as the Compensation Committee's independent compensation consultant (Additional Services), for which EY receives a fee. The Compensation Committee has approved the Company's future use of EY for certain projects, including due diligence support for acquisitions or other corporate transactions, tax advisory services, consulting and advisory services with respect to the Company's internal systems and, as directed by the chairperson of the Compensation Committee, consulting and advisory services related to compensation of the Company's non-executive officers. The Company's management did not engage EY to perform Additional Services in 2020.

Based on its review of these relationships, and independence and other factors that the Compensation Committee determines to be relevant, as well as policies and procedures implemented by the Compensation Committee and EY, the Compensation Committee has concluded that the compensation consulting advice it receives from EY is objective, and that no conflicts of interest exist that would require disclosure by the Company under applicable SEC rules.

The Company's processes and procedures for the consideration and determination of director and executive compensation (including the roles of the Compensation Committee, management, and the Compensation Committee's independent compensation consultant) are discussed in the sections of this proxy statement captioned "Setting Compensation of Non-Employee Directors" and "Compensation Discussion and Analysis," respectively.

Nominating and Corporate Governance Committee

The primary functions of the Nominating and Corporate Governance Committee are to (i) identify individuals qualified to become members of the Board, and recommend new director candidates to the Board when necessary and appropriate, (ii) evaluate whether incumbent directors should be nominated for re-election to the Board and make recommendations to the Board in this regard, and (iii) oversee and periodically evaluate the Company's Corporate Governance Guidelines. The Nominating and Corporate Governance Committee operates under a written charter, and it reviews and reassesses the adequacy of that charter on an annual basis. The charter was most recently revised and amended in March 2016 and is available on our Website. All members of the Nominating and Corporate Governance Committee are independent directors, within the meaning of applicable Nasdaq listing standards and SEC rules and regulations. The Nominating and Corporate Governance Committee held three meetings in 2020. Mr. Armitage serves as chairperson of the Nominating and Corporate Governance Committee.

Retirement Plan Committee

The primary function of the Retirement Plan Committee is to oversee the administration of the Company's tax-qualified and non-qualified retirement plans. The Retirement Plan Committee held four meetings in 2020. Ms. Bush serves as chairperson of the Retirement Plan Committee.

Special Programs Oversight Committee

The Special Programs Oversight Committee oversees certain of the Company's business activities (particularly those designated as classified by the United States government for purposes of national security), and works with the Board to oversee the management of risks related to cybersecurity or information assurance matters. The Special Programs Oversight Committee held two meetings in 2020. Mr. Kerr serves as chairperson of the Special Programs Oversight Committee.

Setting Compensation of Non-Employee Directors

Our Compensation Committee sets compensation for the Company's non-employee directors. The Compensation Committee generally reviews non-employee director compensation on an annual basis. In conducting this review, the Compensation Committee receives input on market trends for non-employee director compensation from its independent compensation consultant, including with respect to the Company's compensation peer group (as set forth in the "Compensation Discussion & Analysis" section of this proxy statement); however, the Compensation Committee does not target non-employee director compensation at any particular percentile or percentile range of the market data. A substantial portion of the non-employee directors' compensation is payable in the form of stock-based compensation, in order to align the interests of the directors with those of the Company's stockholders.

We do not compensate Mr. Pedersen or Mr. Phillips for service on the Board or any committee of the Board. Following his retirement from his role of Executive Chairman in 2020, Mr. Pedersen has continued to receive certain benefits that he received while an employee of the Company. In certain circumstances, members of the Board may receive reimbursement for certain expenses incurred in connection with attending Board or committee meetings. For the current Board term (which began in May 2020), equity amounts and cash compensation levels remained unchanged from the prior Board term. The compensation we paid in 2020 to our non-employee directors for their services is set forth in the table that follows.

COMPENSATION DISCUSSION AND ANALYSIS

The following discussion and analysis contains statements regarding individual and Company performance targets and goals. These targets and goals are disclosed in the limited context of our compensation program. These targets and goals are not statements of our expectations or estimates of results or other guidance. Investors should not apply the targets and goals to any other context.

This section describes the compensation for our Chief Executive Officer and Chief Financial Officer in 2020, as well as each of our other two most highly compensated executive officers in 2020, all of whom we refer to collectively as our named executive officers. Our named executive officers for 2020 were: Kevin M. Phillips (our Chairman of the Board, Chief Executive Officer and President), Judith L. Bjornaas (our Executive Vice President and Chief Financial Officer), Matthew A. Tait (our Chief Operating Officer) and Bonnie Cook (Executive Vice President of Business Services).

Executive Summary

Our executive compensation program is based upon a foundation of providing compensation that has a strong relationship to performance, consistent with our compensation philosophy. We regularly evaluate the individual components of our executive compensation program in the context of current and anticipated market conditions, our operational needs and corporate governance requirements, and where necessary or appropriate for our business we will make changes to components of our program. We believe that our executive compensation structure properly incentivizes our executive officers to contribute to the Company's financial and operational performance and achievements.

We designed the non-discretionary component of our annual incentive compensation program to align the interests of our executives with our stockholders by providing significant incentive payments only where there is objective quantitative evidence of exemplary performance (as demonstrated by our financial results). The discretionary component of our annual incentive compensation program provides us with flexibility to consider qualitative factors (and quantitative factors not included in the non-discretionary component of our program) so that, where appropriate, we can capture and reward the individual performance and contributions of our named executive officers that are not captured by the non-discretionary component of our program.

With regard to the equity component of our executive compensation program, in 2020 the Company granted time-based restricted stock units (time-based RSUs) to our executive officers. The time-based RSUs granted in 2020 vest in three equal annual installments beginning on the first anniversary of the grant date, and will be earned only if the named executive officer is employed with the Company

[Table of Contents](#)

through the applicable vesting date (or if, before a vesting date, the named executive officer's employment terminates due to death or disability, in which case the award vests on that date).

In 2020, ManTech demonstrated continued strong financial performance even though we faced unprecedented challenges arising from the COVID-19 pandemic. The global outbreak of the COVID-19 pandemic, along with various measures that local, state and federal governments adopted to mitigate its impact, required us to make changes to our operations so that our employees could continue to support our customers' mission-critical needs during this period of disruption. As a result of travel restrictions, social distancing guidelines and other efforts that have been adopted by public health officials to mitigate the impact of the COVID-19 pandemic, we altered our operating schedules and staffing plans to accommodate these restrictions while maintaining the ability of our employees to continue to support and work with our customers to the maximum extent possible. The changes include the implementation of telework or other means of remote work for our employees, who support both mission-critical programs and our internal support organization. With respect to our impacted programs that, by their nature, cannot be supported remotely, we have accommodated those customers who have implemented shiftwork or other mitigation protocols by maintaining our workforce in a "mission ready" state.

For the fourth consecutive year we delivered accelerating organic revenue growth, increased profitability, robust cash flow and continued business development momentum. We finished 2020 with revenues of over \$2.5 billion, operating income of over \$158 million, and cash flow from operations of over \$247 million. In 2020, approximately 45% of our contract awards were for new business, and we continued to experience a robust level of proposal activity during the year. Our backlog exceeded \$10 billion at the end of 2020. We also exited 2020 in a net positive cash position, with \$41 million of cash on hand and \$15 million in outstanding borrowings under our \$500 million revolving credit facility. For a more detailed description of our fiscal year 2020 financial results, see our consolidated financial statements and "Management's Discussion and Analysis of Financial Condition and Results of Operations" in our 2020 Annual Report on Form 10-K.

During 2020, our named executive officers led and implemented several important Company initiatives that will further our long-term strategy of providing our customers with differentiated technical capabilities, intimate mission knowledge, and sets of services and solutions that help solve some of their greatest challenges and most complex problems. Key initiatives led that our named executive officers led in 2020 include the following:

- The formulation and roll-out of our 2023 Strategic Plan;
- The establishment of a COVID-19 task force to plan and execute responses to the pandemic;
- An internal reorganization and structural re-alignment; and
- The implementation of employee and customer engagement initiatives, which helped minimize the impact of the COVID pandemic to the business.

Objectives of Our Executive Compensation Program

Our executive compensation program is designed to support the Company's key business objectives of creating long-term value for, and promoting the interests of, our stockholders. In order to align the interests of our executives with those of our stockholders, we believe that our executive compensation program should provide our executive officers with competitive compensation opportunities that reward contributions to our Company's financial and operational success, as well as reward exceptional individual achievement where merited. Specifically, per our compensation philosophy, we believe that our executive compensation program should:

- Be tied in substantial part to the Company's financial performance, so that our executives are held accountable, through their compensation, for our financial results and operating performance;

[Table of Contents](#)

- Be structured to balance short-term and long-term compensation incentives, consistent with the short-term and long-term objectives of the Company;
- Align the interests of management with shareholders through appropriate equity compensation;
- Consider qualitative and other quantitative factors beyond the quantitative financial metrics that serve as the basis for the non-discretionary portion of our annual incentive compensation program, in determining whether discretionary bonus payments should be made to individual executives; and
- Reflect the competitive marketplace, so we are able to attract, retain, and motivate talented executives.

Executive Compensation Setting Process

The Compensation Committee is responsible for setting the compensation of our executive officers. In making executive compensation decisions, the Compensation Committee consults with our CEO and other members of our management team, and relies upon the assistance of EY, which serves as the Compensation Committee's independent compensation consultant. For additional information about EY, see the Board of Directors and Committees of the Board of Directors section of this proxy statement, under the caption "Compensation Committee."

The Compensation Committee believes that the input of management is an important part of the executive compensation setting process. As a result, the Compensation Committee requested that management provide initial recommendations with respect to the 2020 compensation packages for each named executive officer. These recommendations included types and amounts of compensation for each executive, as well as appropriate goals for the 2020 performance metrics, which were determined by the Compensation Committee. In setting each executive's compensation opportunities for 2020, the Compensation Committee considered management's recommendation in light of, and in addition to, other factors, including the executive's individual experience, organizational role and job responsibilities, performance, and prior compensation levels, as well as retention and other specific management needs of the Company.

In evaluating the reasonableness of its compensation decisions and the Company's compensation programs generally, the Compensation Committee takes into account the compensation practices of, and the competitive market for executives at, companies with which we compete. To this end, the Compensation Committee asked EY to perform an analysis of the Company's executive compensation program, including a review of the overall competitiveness of proposed compensation levels to prevailing market standards for executive officers. The market information included in this analysis was based on published compensation surveys for similarly-sized companies within the business software and services industry (as sorted and refined by EY on a position-by-position basis), as well as proxy analysis of the Company's compensation peer group, and was used to generate "market consensus" figures for each of our executive officer's total cash compensation (base salary and annual incentive) and, where available, total direct compensation (total cash compensation plus long-term incentives). Market consensus figures were presented at both the median and 75th percentiles of the market data to provide general information on a market competitive range of compensation for each position.

EY does not identify to the Compensation Committee the individual companies that compose the published survey data for each executive's position. The Compensation Committee, in consultation with EY and management, determined the compensation peer group used to produce the proxy analysis. The primary basis for selecting the peer group was to identify public companies with which

Table of Contents

we compete directly for executive talent, customers, market share, capital, and shareholders. Our compensation peer group for the year comprised the following 14 companies:

- ASGN Incorporated
- Booz Allen Hamilton Holding Corporation
- CACI International, Inc.
- ICF International, Inc.
- KBR, Inc.
- Leidos Holding, Inc
- MAXIMUS, Inc.
- Mercury System, Inc
- Parsons Corporation
- Perspecta, Inc.
- SAIC Inc.
- Unisys Corporation
- Vectrus, Inc
- VSE Corporation

The Compensation Committee did not consider market consensus figures for the purposes of benchmarking or otherwise targeting any component of executive compensation or total executive compensation at a particular percentile of market; rather the Compensation Committee used market consensus figures as a reference point in its overall determination of the types and amount of compensation to be paid to our executive officers, in light of the Compensation Committee's own evaluation of the circumstances with respect to each executive officer. Factors that may cause an individual executive's compensation to fall outside of the market consensus figures presented to the Compensation Committee include competitive factors, the Company's financial and operating performance, compensation needs associated with hiring executive officers from other companies, the individual executive's position or performance, the Company's general view on the appropriate portion of compensation for its executives that should be cash-based, and other factors that may be considered relevant by the Compensation Committee in determining the best way to align our executive officers' interests with those of our stockholders.

2020 Named Executive Officer Compensation

Our compensation program utilizes three principal types of compensation: base salary, annual cash incentive payments, and long-term incentive compensation. While we do pay some compensation through employee benefits and perquisites, these forms of compensation generally do not represent a significant portion of the total compensation we pay our executives.

Base Salary

We pay our named executive officers base salaries that reflect the requirements of the marketplace. We also may consider an individual executive's experience, base salary levels over the last several years, organizational alignment, personal performance, or internal pay equity considerations among other factors. The consideration given to each of these factors differs from individual to individual, as deemed appropriate. In March 2020, as part of our regular annual salary setting process, the Compensation Committee approved increases to the base salaries for the Company's named executive officers. The annual base salaries for Messrs. Phillips and Tait were increased by \$50,000 and \$25,000, respectively, and the base salary for Ms. Bjornaas was increased by \$50,000. Ms. Cook's annual salary for 2020 was increased to \$525,000 in connection with her promotion in July 2020 to the position of Executive Vice President of Business Services. Also during 2020, in light of the uncertainty arising from the COVID-19 pandemic, each named executive officer (other than Ms. Cook, who had not yet been appointed to her role as Executive Vice President of Business Services) voluntarily agreed to forgo all (in the case of Mr. Phillips) or a portion of his or her salary during the first two months of the second quarter of 2020.

Final 2020 annual base salary levels for our named executive officers are shown in the following chart.

<u>Executive</u>	<u>2020 Base Salary</u>
Mr. Phillips	\$ 1,000,000
Ms. Bjornaas	\$ 700,000
Mr. Tait	\$ 975,000
Ms. Cook	\$ 525,000

Annual Cash Incentive Compensation Program

Our named executive officers have the potential to earn cash payments through our annual incentive compensation program. Our annual incentive compensation program has both non-discretionary and discretionary components. The non-discretionary component of each executive's annual incentive compensation opportunity was established pursuant to, and governed by, the Company's 2020 Executive Incentive Compensation Plan (2020 IC Plan). On an annual basis, the Compensation Committee also considers for each executive whether a discretionary bonus payment is appropriate.

We make annual incentive compensation payments in the form of cash rather than equity, as the equity compensation component of our compensation program is designed to provide a longer term incentive for our named executive officers.

Non-Discretionary Incentive Compensation Payments

The material elements of the non-discretionary component of our annual incentive program include:

- A uniform and systematic process that uses objective and specific measures to determine the amount of incentive compensation to be paid;
- Performance goals that support the operating objectives for the Company as a whole; and
- Compensation Committee discretion to adjust the amount of the non-discretionary portion of an executive officer's annual cash incentive payment that would otherwise be payable upon the executive's achievement of the pre-established goals as a result of extraordinary circumstances, or to otherwise further the intent of the 2020 IC Plan.

Structure of 2020 Non-Discretionary Incentive Opportunities

The 2020 IC Plan used the following Company-level performance measures.

Revenue	Revenue is the principal means by which we measure our overall growth, which is an important factor at this point in the life of the Company. Because of profit margin limitations that apply to government contracts, increasing our revenue is the principal method by which we can increase our profits.
EBIT	Earnings before interest and taxes (EBIT) is the principal method by which we measure our profitability and monitor our ability to achieve returns for our stockholders.
Bookings	Bookings refers to the total value of all contracts, including renewals and customer purchases in excess of prior contracted commitments, awarded during the year. Generally, for Indefinite Delivery/Indefinite Quantity contracts, we only include in our bookings executed task orders and an estimate of revenues for solutions that we believe we will be asked to provide in the future under the terms of those contracts for which we have an established pattern of revenues. Awards of new contracts and the renewal of existing contracts are an important measure of our market positioning and future prospects.

For 2020, the non-discretionary annual incentives for each of the named executive officers were based solely on Company-level performance measures. The Compensation Committee initially determined that the non-discretionary annual incentive for Mr. Tait would be determined by both Company-level and business group-level performance measures when he was serving as President of MSS, but later determined (in connection with Mr. Tait's promotion to Chief Operating Officer) that the non-discretionary annual incentives for Mr. Tait should be based only on Company-level performance measures. By using only Company-level performance measures, the incentives for the named executive officers are balanced for all aspects of the Company's business to encourage our named executive officers to attend to the entire business and make decisions that benefit the entire Company. The achievement of each performance goal (expressed as a percentage relative to target) is multiplied by a weighting factor, and the resulting products are added to determine an overall performance score. For 2020, the revenue, EBIT and bookings performance measures for the named executive officers were equally weighted. The Company-level performance measures, associated weighting factors, and goals for 2020 are shown in the following table:

Company-Level Performance Measures

<i>Performance Measure</i>	<i>Weighting</i>	<i>Goal (dollars in thousands)</i>
Revenue	33 %	\$ 2,500,000
EBIT	33 %	\$ 159,000
Bookings	33 %	\$ 3,750,000

Table of Contents

The performance score for each of our named executive officers is converted by fixed formula to an annual incentive award amount based on final 2020 base salary. For 2020, the non-discretionary incentive award opportunity under the 2020 IC Plan for our named executive officers at threshold, target, and maximum performance levels is set forth in the following table.

Non-Discretionary Incentive Award Opportunities

<i>Executive</i>	<i>At Threshold Performance Score</i>	<i>At Target Performance Score</i>	<i>At Maximum Performance Score</i>
Mr. Phillips	\$ 250,000	\$ 1,000,000	\$ 1,750,000
Ms. Bjornaas	\$ 150,000	\$ 600,000	\$ 1,050,000
Mr. Tait	\$ 243,750	\$ 975,000	\$ 1,706,250
Ms. Cook	\$ 105,000	\$ 420,000	\$ 735,000

2020 Non-Discretionary Incentive Compensation Results

Calculation of the Company-level performance score used to determine 2020 IC Plan results is shown in the table below.

<i>Performance Measure</i>	<i>Weighting</i>	<i>% Achievement</i>	<i>Performance Score</i>
Revenue	33 %	104%	34 %
EBIT	33 %	97%	33 %
Bookings	33 %	44%	15 %
Company-Level Performance Score			82 %

Each of the non-discretionary annual incentive payment opportunities for the named executive officers was based solely on the Company-level performance score. As a result of the achievement of the Company-level performance score, the named executive officers earned the following non-discretionary annual incentive payments under the 2020 IC Plan.

<i>Executive</i>	<i>2020 Non- Discretionary Annual Incentive Payments</i>
Mr. Phillips	\$ 816,700
Ms. Bjornaas	\$ 490,000
Mr. Tait	\$ 796,300
Ms. Cook	\$ 343,000

2020 Discretionary Bonus Payments

As part of our annual incentive compensation program, the Compensation Committee considers whether discretionary bonus payments should be made to our named executive officers. In determining the amount of any discretionary bonus payments, the Compensation Committee may take into account any objective or subjective factors that the Compensation Committee deems appropriate, including individual contributions, retention needs, and other qualitative or quantitative factors not captured by the non-discretionary component of our annual incentive compensation program.

[Table of Contents](#)

For 2020, the Compensation Committee awarded the following discretionary bonuses to our named executive officers in connection with our annual incentive compensation program.

<i>Executive</i>	<i>2020 Discretionary Payment</i>
Mr. Phillips	\$ 150,000
Ms. Bjornaas	\$ 125,000
Mr. Tait	\$ 125,000
Ms. Cook	\$ 75,000

The discretionary bonus payments were used, as designed, to capture and reward individual performance that the non-discretionary component of our incentive compensation program did not capture. The size of the discretionary bonus for each of the named executive officers was determined based on the Compensation Committee's assessment of the individual officer's achievements for the year, including the named executive's contributions to the planning and execution of the key initiatives described in the Executive Summary. Additionally, the Compensation Committee considered the factors discussed below with respect to each individual executive officer who received a bonus payment.

Ms. Cook (EVP of Business Services)	<ul style="list-style-type: none">• Assumption of newly established corporate role of EVP – Business Services;• Establishment of uniform procedures, processes and tools to support operations, business development, and recruiting across the enterprise;• Improved visibility and support to line managers to enable stronger program execution and improved performance ratings; and• Leadership of the consolidation and continued operations of certain functional areas, including contracts, program delivery, talent acquisition, sector human resources, real estate and business finance.

Long-Term Incentive Compensation

We provide long-term incentives to our named executive officers through annual equity grants. The grants are designed to align the interests of our named executive officers with those of our stockholders and provide these executives with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the Company. The Compensation Committee approves all equity grants to our named executive officers. In 2020, the Compensation Committee granted equity in the form of time-based RSUs to the NEOs. The equity grants are intended to motivate our executives to create stockholder value and support the Company's long-term growth.

2020 Time-Based RSUs

The time-based RSUs awarded to the named executive officers vest in three equal annual installments beginning on the first anniversary of the grant date. The following number of time-based RSUs were awarded to our named executive officers in 2020:

<i>Executive</i>	<i>2020 Time-Based RSU</i>
	<i>Award</i>
Mr. Phillips	57,310
Ms. Bjornaas	15,760
Mr. Tait	27,050
Ms. Cook	6,620

In March 2020, the Company awarded RSUs to each of our named executive officers. In July 2020, the Company awarded Mr. Tait additional RSUs in connection with his promotion to Chief Operating Officer, and awarded Ms. Cook additional RSUs in connection with her promotion to Executive Vice President of Business Services.

Performance-based RSUs Earned in 2020

In 2019, the Company awarded performance-based RSUs to Mr. Tait that provided for a target number of RSUs, with the actual number of RSUs to be earned based upon satisfaction of performance criteria (CAGR for the Company's revenues and earnings per share and CAGR of revenue and contributions to EPS for the MSS business) over a performance period from January 1, 2019 through December 31, 2020. Based on actual results over the two-year performance period ending December 31, 2020, Mr. Tait earned 11,484 RSUs pursuant to this grant.

Employee Benefits and Perquisites

Our named executive officers generally participate in the same employee benefit programs as our other employees. We do not have any supplemental retirement plan paid for by the Company for our named executive officers. The Company maintains a Section 401(k) plan that is a tax-qualified defined contribution retirement savings plan under which all eligible employees are eligible to participate. Under the terms of the 401(k) Plan, employees can elect to contribute a portion of their compensation to the plan, and contributions are matched by the Company up to specified limits. In 2020, the named executive officers participated in the 401(k) Plan. The Company made matching contributions to the 401(k) Plan in the amounts of \$11,423, \$7,017, \$5,198, and \$14,410 for Ms. Bjornaas, Ms. Cook, Mr. Phillips, and Mr. Tait, respectively.

Our executive perquisites generally involve limited expenses and payment of certain insurance premium costs. We do not provide any tax gross ups with respect to perquisites provided to our named executive officers.

Agreements with Our Named Executive Officers

Executive Continuity and Stay Incentive Agreements

The Company maintains Executive Continuity and Stay Incentive Agreements (ECSI Agreements) with our named executive officers. The ECSI Agreements provide for an unvested right to a fixed cash payment (Award) in the event of an automatic conversion of the Company's Class B Common Stock into shares of the Company's Class A Common Stock resulting from the death of George J. Pedersen, our co-founder and Chairman Emeritus, pursuant to Section 4.2(e)(5)(i) of the Company's Second Amended and Restated Certificate of Incorporation (Triggering Event). The term of the ECSI Agreements commenced on the date of execution, and continues until the third anniversary of that date, with automatic annual extensions thereafter unless the Company provides notice of termination, and subject to earlier termination if the executive officer's employment with the Company terminates (i) for any reason before the Triggering Event, or (ii) for any reason other than a Qualifying Termination (as defined in the ECSI Agreements) on or after the Triggering Event.

Under the terms of the ECSI Agreements, each executive officer referenced above would receive an unvested right to the Award upon the occurrence of the Triggering Event. Vesting and payment of the Award is generally subject to a continued service requirement, with half of the amount of the Award paid on the first anniversary of the Triggering Event and half of the amount of the Award paid on the second anniversary of the Triggering Event, in each case subject to the executive officer's continued employment with the Company through such time. Notwithstanding this continued service requirement, the full amount of any unpaid portion of an Award will be paid upon the occurrence of a "Change in Control" or a "Qualifying Termination" during the term of the ECSI Agreements and after the date of the Triggering Event. For the purposes of the ECSI Agreements, a Change of Control is deemed to have occurred upon the following events: the acquisition of beneficial ownership of fifty percent or more of the outstanding voting power of the Company's stock, subject to certain exceptions; if the Company's incumbent members of the Board at the beginning of any two-year period cease, for any reason, to constitute a majority of the Board, subject to certain exceptions; consummation of a reorganization, merger, or consolidation or sale or other disposition of all or substantially all of the assets of the Company, subject to certain exceptions; or approval by the Company's stockholders of a complete liquidation or dissolution of the Company. For the purposes of the ECSI Agreements, a Qualifying Termination means a termination of the executive officer's employment by the Company other than for "Cause" (as defined in the ECSI Agreements) and not due to the executive officer's death or disability. Cause will be deemed to exist if the executive officer: (i) has been indicted for committing an act of fraud, embezzlement, theft or other act constituting a felony; (ii) willingly engages in illegal conduct or

[Table of Contents](#)

gross misconduct that significantly and adversely affects the Company; (iii) is unable to maintain a security clearance that is required and essential for the performance of the executive officer's duties; or (iv) fails to perform the material duties of his or her position (subject to notice and/or cure periods in certain cases).

The ECSI Agreements provide that, to the extent that the part or all of the consideration, compensation or benefits to be paid to the executive officers under the ECSI Agreements would constitute "parachute payments" under Section 280G of the Internal Revenue Code and would be subject to the excise tax imposed by Section 4999 of the Internal Revenue Code, then such amounts will be either provided in full or delivered to such lesser extent which would result in no portion of such amount being subject to excise tax, based on whichever option yields the greater amount, taking into account certain standard tax considerations. Additionally, the ECSI Agreements provide that any amounts payable thereunder are intended to be exempt under Section 409A of the Internal Revenue Code under the "short-term deferral" exemption, and contain standard provisions providing for (among other things) modification of the ECSI Agreements to the extent that they would trigger any additional tax, penalty or interest imposed by Section 409A, in order to avoid that result while preserving, to the nearest extent reasonably possible, the intended benefit for the executive officers.

As of December 31, 2020, the Award amount for each executive officer under the ECSI agreements is as follows (in each case payable over two years following the occurrence of a Triggering Event, and subject to the continued service condition requirement described above).

<i>Executive</i>	<i>ECSI Agreement Award Amount</i>
Mr. Phillips	\$ 1,500,000
Ms. Bjornaas	\$ 1,200,000
Mr. Tait	\$ 1,500,000
Ms. Cook	\$ 700,000

Other Matters

Say on Pay

At the 2020 annual meeting of stockholders, more than 99% of the advisory votes cast by stockholders on the compensation of our named executive officers (Say-on-Pay) were voted in favor of approving our 2019 named executive officer compensation, as described in our 2020 proxy statement. The Compensation Committee considered the results of this vote, and determined that no changes to our executive compensation policies or decisions should be made in response. Our current policy is to conduct a Say on Pay vote every three years, and unless that policy changes, our next Say on Pay vote will be held at our 2023 annual meeting of stockholders.

Recovery of Incentive Payments

We are subject to the requirements of Section 304 of the Sarbanes Oxley Act of 2002, which provides for the recovery of certain incentive compensation payments made to our CEO or CFO in the event of an accounting restatement arising because of material non-compliance with financial reporting requirements due to misconduct. No incentive compensation payment to our CEO or CFO has ever been recovered under this provision, and we have not established any other policy regarding the forfeiture or recovery of incentive compensation. We expect to implement a clawback policy in accordance with the requirements of

[Table of Contents](#)

Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act and the implementing regulations and standards adopted by the SEC and national securities exchanges thereunder.

Hedging and Short-Term Speculative Transactions

Through our insider trading policy, we prohibit any company personnel, including our directors, named executive officers and other employees, from engaging in any short-term, speculative transactions involving Company securities, including buying or selling put or call options, trading in options (other than those granted by the Company), engaging in hedging or monetization transactions, engaging in short sales, and holding securities in margin accounts or pledging securities as collateral. For the purpose of this policy, "hedging" includes purchasing financial instruments (including prepaid variable forward contracts, equity swaps, collars and exchange funds) or otherwise engage in transactions that hedge or offset (or are designed to hedge or offset) any decrease in the market value of our stock or securities that we grant to our employees as compensation or that the individual holds.

Equity Award Policy

The Compensation Committee has adopted an equity award policy, which establishes the framework for a consistent process for granting equity-based awards. The equity award policy applies to all issuances of equity-based awards by the Company to officers, employees and members of the Board of Directors. The policy provides that equity awards are to be made on established grant dates to minimize the risk that grant decisions are made at a time when the Company is in possession of material, non-public information. The policy also indicates that it is the Company's intent that no equity awards shall be backdated or otherwise manipulated with respect to the timing of the award in an attempt to benefit an award recipient. Under the policy, the grant dates for equity awards are specified by the policy within fixed time frames, except in specific circumstances where the grant date must occur outside of the prescribed cycle. The Compensation Committee is authorized to approve exceptions to the grant procedures specified in the equity award policy, as it deems appropriate.

¹ The numbers of securities included in this column represent the unvested portion of stock option awards that vest over three years, with 1/3 of the total grant vesting on each of the first three anniversary dates of the grant. The options expire five years after the grant date. Vesting and continuation of the options are subject to cancellation in the event of termination of service. All options would fully vest on the officer's death or disability.

CEO PAY RATIO

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(u) of Regulation S-K, we are providing disclosure regarding the ratio of the annual total compensation for our principal executive officer to the median of the annual total compensation of all our employees (exclusive of our principal executive officer), which we refer to as our CEO Pay Ratio. Mr. Kevin Phillips served as our principal executive officer in 2020, and had annual total compensation of \$5,714,887, as reported in the Summary Compensation Table included elsewhere in this proxy statement. For 2020, our median employee's annual total compensation was \$105,699. Based on this information, our CEO Pay Ratio for 2020 was 54 to 1.

To identify the median of the annual total compensation of all our employees, as well as to determine the annual total compensation of our median employee and Mr. Phillips, we took the following steps:

- We determined that, as of October 1, 2020, our employee population consisted of approximately 9,149 individuals. This population consisted of our full-time, part-time, and temporary employees, and does not include any independent contractors that we have engaged.
- To identify the median employee from our employee population, we compared the total amount of compensation paid in 2020 to our active employees as of October 1, 2020, as reflected in our payroll records. We identified our median employee using this compensation measure, which was consistently applied to all employees included in the calculation.
- Once we identified our median employee, we combined all of the elements of such employee's compensation for fiscal 2020 in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, resulting in annual total compensation of \$105,699 .
- For the annual total compensation of Mr. Phillips, we used the amount reported in the "Total" column (column (i)) of our 2020 Summary Compensation Table included in this Proxy Statement.

The CEO Pay Ratio presented above is a reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K. This ratio is not comparable to the ratio reported by other public companies, because each company uses its own assumptions, methodologies and estimates when computing the ratio. This information is being provided for compliance purposes. Neither the Compensation Committee nor management of the Company used the pay ratio measure in making compensation decisions.

COMPENSATION RISK MANAGEMENT

Management reviews the Company's overall compensation structure (taking into account such factors as the overall mix of compensation, the performance metrics that are used under the Company's incentive programs, the length of the performance periods under such programs, and the overall relationship of the Company's compensation programs to the Company's business risk) annually, or whenever the Company considers new compensation policies or programs for its employees. Management periodically reports the results of its evaluation to the Compensation Committee, including any findings of risk related to the Company's compensation structure, as well as any factors that may mitigate the risk posed by a particular compensation policy or program. The Compensation Committee considers management's conclusions in fulfilling its responsibilities with respect to the Company's executive compensation program. Based on management's assessment, the Company has concluded that its compensation policies and procedures do not create risks that are reasonably likely to have a material adverse effect on the Company.

AUDIT COMMITTEE REPORT

The Audit Committee reviews ManTech's financial reporting process on behalf of the Board. Management has the primary responsibility for establishing and maintaining adequate internal financial controls, for preparing the financial statements, and for the public reporting process. Deloitte & Touche LLP (D&T), the Company's independent registered public accounting firm for 2020, is responsible for expressing an opinion on the conformity of the financial statements with generally accepted accounting principles. Additionally, D&T is responsible for expressing an opinion on the effectiveness of the Company's internal control over financial reporting.

In this context, we have reviewed and discussed with both management and the independent registered public accounting firm the Company's audited financial statements, management's assessment of the effectiveness of the Company's internal control over financial reporting, and D&T's evaluation of the Company's internal control over financial reporting, in each case for the year ended December 31, 2020. The Audit Committee has discussed with D&T those matters required to be discussed by applicable requirements of by the Public Company Accounting Oversight Board.

D&T has provided us with the written disclosures and the letter from the independent registered public accounting firm pursuant to applicable requirements of the Public Company Accounting Oversight Board regarding the independent public accounting firm's communications with the Audit Committee concerning independence. The Audit Committee has discussed with D&T the auditor's independence from the Company and its management. The Audit Committee has concluded that D&T's provision of audit and non-audit services to the Company is compatible with D&T's independence.

Based upon the considerations, reviews, and discussions referred to above, we recommended to the Board of Directors (and the Board of Directors approved) the inclusion of the audited financial statements for the year ended December 31, 2020 in the Company's Annual Report on Form 10-K for 2020.

**PROPOSAL 2
RATIFICATION OF APPOINTMENT OF
INDEPENDENT AUDITORS**

The Audit Committee of the Board of Directors is responsible for selecting and appointing our independent registered public accounting firm. The Audit Committee has appointed the firm of Deloitte & Touche LLP to serve as our independent registered public accounting firm for the fiscal year ending December 31, 2021, subject to the ratification of such appointment by our stockholders at the Annual Meeting. Although stockholder approval is not required by our bylaws or otherwise, we are submitting the appointment of D&T for ratification in order to obtain the views of our stockholders.

In the event our stockholders fail to ratify the appointment, the Audit Committee will reconsider its appointment. Even if the selection is ratified, the Audit Committee may, in its discretion, appoint a different independent registered public accounting firm at any time during the year if the Audit Committee believes that a change would be in the best interests of the Company and its stockholders.

In appointing D&T as our independent registered public accounting firm for the fiscal year ending December 31, 2021, the Audit Committee considered whether D&T's provision of non-audit services to the Company is compatible with maintaining the auditor's independence.

D&T served as our independent registered public accounting firm in 2020. To the extent consistent with recommendations public health officials may issue in light of the evolving coronavirus (COVID-19) situation, representatives of D&T will be present at the Annual Meeting, and will be available to respond to appropriate questions. Those representatives will also have an opportunity to make a statement or comment on the financial statements if they wish to do so.

Policy Regarding Audit Committee Pre-Approval of Audit and Permitted Non-Audit Services

Our Audit Committee charter incorporates the Audit Committee's policies for pre-approval of audit and permitted non-audit services performed by our independent registered public accounting firm. The requirement for pre-approval, in part, allows us to assess whether the provision of such services might impair the independence of our independent registered public accounting firm.

The Audit Committee approves the annual audit services engagement and (if necessary) any material changes in terms, conditions, and fees resulting from changes in audit scope or other matters.

The chairman of the Audit Committee has been authorized by the Audit Committee to pre-approve any services arising during the year that were not pre-approved by the Audit Committee at the time of the annual audit services engagement. Services that are pre-approved by the Audit Committee chairman are then communicated to, and ratified by, the full Audit Committee at the Audit Committee's next regularly scheduled meeting.

For each proposed service, the independent registered public accounting firm is required to provide backup documentation detailing the service. The Audit Committee regularly reviews summary reports provided to us by our independent auditor. During 2020, all services performed by D&T were approved by the Audit Committee pursuant to the Audit Committee's pre-approval policies.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

Review and Approval of Transactions with Related Persons

The Audit Committee has established a policy and associated procedures for the review, approval, and monitoring of all transactions involving the Company and “Related Parties” (the Policy). Under the Policy, a Related Party is any director, executive officer, director nominee, 5% or greater beneficial owner of the Company’s stock, or an immediate family member of any of these people. With certain exceptions that are detailed in the Policy, a Related Party Transaction is any arrangement, transaction or relationship in which the Company (or any of its subsidiaries) is a participant and any Related Party has or will have a direct or indirect interest (other than solely as a result of being a director or less than 10% beneficial owner of another entity).

Under the Policy, the Audit Committee is responsible for reviewing and approving all Related Party Transactions. If a director is involved in the proposed transaction, he or she will not participate in discussions and decisions about the proposed transaction. In determining whether to approve a proposed Related Party Transaction, the Audit Committee will take into account, among other factors:

- the material facts and circumstances of the transaction (such as the nature of the Related Party’s interest, the value of the proposed transaction, the benefit of the transaction to the Company, and whether the transaction is on terms comparable to an arms-length transaction);
- any potential impact on a director’s independence; and
- public disclosure issues, including any anticipated public perception issues related to the disclosure.

If the Audit Committee approves a Related Party Transaction, and the transaction is anticipated to be continuing, the Audit Committee may establish guidelines for management to follow in those continuing dealings with the Related Party. In such cases, the Audit Committee is responsible for periodically (and at least annually) reviewing and assessing the ongoing relationship or transaction to ensure it complies with the Audit Committee’s guidelines and that the Related Party Transaction remains appropriate. Additionally, the Audit Committee has adopted certain “standing approvals” for some common Related Party Transactions involving *de minimis* amounts (including certain types of compensation decisions for employees who are Related Parties because of their familial relationships and charitable contributions to entities that have relationships with Related Parties) that fall below the minimum threshold for public disclosure.

The Policy requires that transactions that exceed the threshold amount for disclosure in our proxy statement under the relevant SEC rules shall be disclosed in accordance with the applicable laws, rules, and regulations.

Related Party Transactions

Ms. Christine Lancaster, our Assistant Vice President and Assistant Corporate Secretary, is the daughter of Mr. George Pedersen, our cofounder and Chairman Emeritus. Ms. Lancaster has been employed by the Company on a full-time basis since 1986. For 2020, Ms. Lancaster received salary compensation of \$161,299 and a bonus of \$31,116. For 2021, we expect that the amount of Ms. Lancaster’s compensation will again exceed \$120,000.

Retention Agreement

We entered into a retention agreement with Mr. Pedersen at the time of our initial public offering in 2002. The retention agreement was for an indefinite term, provided for a minimum annual base salary amount and entitled Mr. Pedersen to receive certain benefits and perquisites on the same terms provided in previous years. Under his retention agreement if Mr. Pedersen was terminated without cause, he was entitled to a lump sum amount equal to his base salary.

On September 1, 2020, Mr. Pedersen retired from his role as the Company's Executive Chairman and stepped down from serving as the Company's Chairman of the Board; therefore the retention agreement with Mr. Pedersen is no longer in effect. Following this retirement, Mr. Pedersen has received, and will continue to receive, certain benefits that he received while employed by the Company.

Compensation Committee Interlocks and Insider Participation

No members of our Compensation Committee in 2020 were officers or employees of the Company or former officers of the Company, and no members of our Compensation Committee had any relationship with the Company during 2020 requiring disclosure as a related party transaction under applicable SEC rules.

None of our executive officers in 2020 served as a director or member of the compensation committee (or other board committee performing equivalent functions) of any other entity which had an executive officer serving as one of our directors or a member of our Compensation Committee.
